

Christ's Co-Mission International

Newsletter #55 First Quarter 2013

Staff accepting the opportunity to mentor individual Junior High students, rescue missions to follow-up truant students, in-class prayer meetings, and development of the "Parent-School Alliance" are methods the Lord has recently inspired at Loved By Jesus School in Odumase-Krobo. As we seek Him and His kingdom, He amazes us with solutions to overcome the challenges. Thank you for praying with us for students, parents and staff.

Below are excerpts of staff responses to: "How serving at LBJS is helping me to seek first the kingdom of God."

"LBJS is a Christian home whose primary concern is to care spiritually for both the children and adults. LBJS is helping me to seek first the kingdom of God ... and gives me spiritual support to get closer to the Lord every second by reading His word and obeying it. ...LBJS is helping me walk in the ways of the Lord and fulfill His purposes by enabling me to be content with what I have and registering into my heart the attitude of trustworthiness and loyalty towards everybody. Moreover, my serving at LBJS has transformed me totally to discern between good deeds and evil deeds in all my endeavors. I pray to the Lord to enlighten my eyes and my heart in order to know the hope to which he has called me and know him better."

"The Christian environment enjoyed at LBJS ... is very encouraging ... and deepens understanding of the Word of God ..."

"Being in LBJS is not a mistake but rather has transformed my lifestyle. ... It helps me to know how to serve God and humble myself ..."

"I used to read the Bible and attend church occasionally but serving at LBJS changed me to be more fervent. ...it is drawing me closer and closer to God by His grace through Jesus Christ. ...I must serve here as long as I can to be able to learn more to seek the kingdom of God. I love to be here by God's grace to achieve my goal."

"serving at LBJS helps me to be serious with my Christian life"

When I started serving in LBJS, my heart was awakened to the biblical saying, "seek first the kingdom of God and His righteousness." I desperately desired to seek the kingdom, accept it, stay in it and also grow in it. My spiritual life has changed rapidly ... by the work of the Holy Spirit."

"The happy godly family in LBJS has affected my personal relations to others so much positively that I now know how best to relate to people as brothers and sisters in Christ. The continuous talks on integrity, have also helped me a lot. ... 'Love God, Hate Sin', is a great insight that always inspires me to show love, not only to God, but to everyone. ...serving in LBJS is progressively propelling me to the peak of spirituality and integrity."

"Serving at LBJS is really transforming my life to seek first the kingdom of God. ... this is a spiritual laboratory and the love of Jesus Christ is everywhere."

"Seeking first His kingdom with Christians globally"
